MEMORANDUM FOR THE RECORD

25X1A SUBJECT: [REDACTED]

25X1A I met with Mr. Janney, Director of Personnel, in regard the proposed payment of separation allowance to Dr. [REDACTED]. Attached is the procedure that had been devised and considered by the participating offices. I advised Mr. Janney that I had some problem with the proposed procedure since it required appointing Dr. [REDACTED] to a staff capacity on the one hand, and shortly declaring him surplus. I indicated, however, that I was much in favor of paying Dr. [REDACTED] a separation allowance under the circumstances of his intended departure from our employ. Mr. Janney advised that there was an alternative which amounted to DDS&T picking Dr. [REDACTED] up on their T/O and under their career service designation with their separating at a later date. I stated that this objective did not seem too advisable either since it required contributing to a concept whereby clinical physicians would become career members of another career service. After further discussion, it was agreed that we had pretty much exhausted these options. Mr. Janney contacted Mr. Blake whose time was open at the moment, and we met with him on the subject. Mr. Blake was advised of the foregoing. He suggested that there might be a third option. He pointed to the fact that Dr. [REDACTED] had been a reserve employee for some thirteen years. He suggested that Mr. Janney exercise his administrative authority as Director of Personnel to view this form of appointment as an administrative error, indicating that the appointment should have been a staff appointment on a previous occasion. The thirteen years of tenure in a reserve status provides the supporting evidence. Mr. Janney stated that he would explore that possibility, and if this option were open, he would exercise it. If not, we would discuss the matter further.

25X1A

SUBJECT: Dr. [REDACTED]

ADDENDUM

25X1A

Mr. Janney, Director of Personnel has phoned to suggest a procedure whereby he, as Director of Personnel, will determine that an administrative error was made when Dr. [REDACTED] was assigned to OSA as a reserve employee, that the appointment should have been to staff. He proposed to cut a personnel action to that effect and would provide a line for my signature which would signify no objection. I advised that I agreed to this proposal and it would seem that this would solve the problem.

[REDACTED]  
JOHN R. TIETJEN, M. D.  
Director of Medical Services
